To Whom It May Concern:

I am pleased to recommend Susan J. Houck for freelance in the area of desktop publishing. From 1991 to 1996, she provided me with invaluable publication formatting and copy editing services for five of my books. In each instance, her diligent, prompt, and insightful assistance greatly improved my manuscripts. Throughout those years and beyond, I have recommended Susan to other authors. I recommend her without reservation. Her work is beyond reproach.

Sincerely yours,

George Henderson, Ph.D.

Professor Emeritus of Human Relations, Sociology, and Education
