Recommendation for Susan J. Houck.

Susan worked with me by formatting and editing several of my reports and publications at the Oklahoma Geological Survey in the early 1990s. Listed below are a few of the publications she did for me:

- 1998. *Geology and Mineral Resources of Oklahoma*. Oklahoma Geological Survey Publication
- 1998. *Industrial Mineral Resources of Oklahoma*. Oklahoma Geological Survey Publication
- 1998. *Mountains, Streams, and Lakes of Oklahoma*. Oklahoma Geological Survey Publication

Her work was very well done, and it was a joy to work with her on the projects. I found her helpful with many suggestions that enhanced and improved the reports, and would gladly work with her again; however, I am retired, and out of the writing/publishing business.

Sincerely,

Kenneth Johnson
